SoftMaker FreeOffice 2018 for Windows
SoftMaker Office Standard 2018 for Windows
SoftMaker Office Professional 2018 for Windows

Thank you for choosing **SoftMaker FreeOffice 2018**, the free, fast and friendly office suite that's compatible with Microsoft Office.

We hope you enjoy using SoftMaker FreeOffice 2018 as much as we did designing and developing it. You may use it permanently, both at home and in your business.

You can track all new developments around SoftMaker FreeOffice at **www.freeoffice.com**

SoftMaker Office Standard 2018 for Windows

In addition to free-of-charge FreeOffice 2018, there is also a commercial edition, **SoftMaker Office Standard 2018**, which adds important features:

- **Spell checking** using high-quality commercial dictionaries covering 20 languages

- **Synonym dictionaries** (thesauri) in eight languages

- Documents are presented in **tabs**, just like in a web browser. You can dock, undock and rearrange them using simple drag and drop.

- **You can customize the ribbons.**

- The **extended sidebar** gives you a bird's eye view over your document.

- **Advanced table functions** for sorting and formatting tables and for converting between text and tables

- Power-user functions in PlanMaker: Formula auditing, watch window, data consolidation, scenarios, text to columns and more

- Support for **tables in worksheets** in PlanMaker

- Improved **formatting and image functions**

- Insert **charts** not only in PlanMaker, but also in TextMaker and Presentations

- **Customized Thunderbird** handles your e-mails, contacts, tasks and calendars.

- Includes an **equation editor** for math formulas.

- **Free technical support** by SoftMaker

- ... and much more!

SoftMaker Office Professional 2018 for Windows

SoftMaker Office **Professional** 2018 expands upon the features of the standard edition by adding **four Berlitz dictionaries** for translations from/to English, German, French, Italian and Spanish.
